

WEE Center Emergency Closing Contact Information

In the event the WEE Center needs to close due to weather or some other unexpected event, you will be contacted via telephone and/or email through an automated message system. Please provide the Center with TWO phone numbers and ONE email that you would like us to call and/or email in the event of an emergency or closing/delay. We suggest that one of these numbers be a cell phone in case your land line does not work during a power outage. If your phone numbers or email address ever changes, please remember to update your information with the office.
